

Oral Reading Fluency Scale – Circle the Appropriate Level

Fluent	Level 4	Reads primarily in larger, meaningful phrase groups. Although some regressions, repetitions, and deviations from text may be present, these do not appear to detract from the overall structure of the text. Preservation of the author's syntax is consistent. Most of the text is read with expressive interpretation.
	Level 3	Reads primarily in three or four-word phrase groups. Some small groupings may be present. However, the majority of phrasing seems appropriate and preserves the syntax of the author. Some expressive interpretation is present; this may be inconsistent across the reading of the text.
Non fluent	Level 2	Reads primarily in two-word phrases with some three or four-word groupings. Some word-by-word reading may be present. Word groupings may seem awkward and unrelated to larger context of sentence or passage. Beginning a little expressive interpretation, frequently first seen when reading dialogue.
	Level 1	Reads primarily word-by-word. Occasional two-word or three-word phrases may occur—but these are infrequent and/or they do not preserve meaningful syntax. No expressive interpretation.
